LC551iV
HANDLE

This diagram illustrates the assembly of the LC551iV handle. The main components are labeled with numbers 1 through 17. The handle (1) is the central vertical component. The control panel (2) is mounted on the handle. The trigger gun (3) is attached to the handle. The trigger gun cable (4) connects the trigger gun to the control panel. The trigger gun cable (5) connects the trigger gun to the control panel. The trigger gun cable (6) connects the trigger gun to the control panel. The trigger gun cable (7) connects the trigger gun to the control panel. The trigger gun cable (8) connects the trigger gun to the control panel. The trigger gun cable (9) connects the trigger gun to the control panel. The trigger gun cable (10) connects the trigger gun to the control panel. The trigger gun cable (11) connects the trigger gun to the control panel. The trigger gun cable (12) connects the trigger gun to the control panel. The trigger gun cable (13) connects the trigger gun to the control panel. The trigger gun cable (14) connects the trigger gun to the control panel. The trigger gun cable (15) connects the trigger gun to the control panel. The trigger gun cable (16) connects the trigger gun to the control panel. The trigger gun cable (17) connects the trigger gun to the control panel.
